

CALGARY COLD PLUNGE

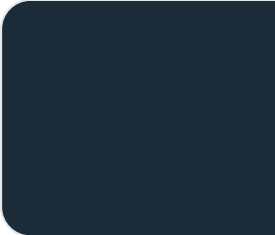

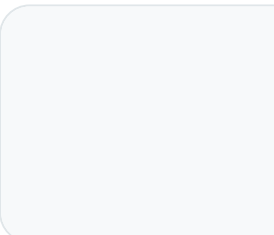

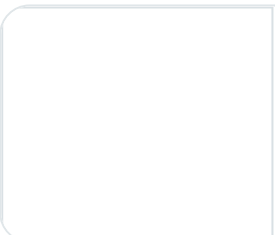

WEBSITE BRAND KIT

A crisp, premium visual system inspired by Rocky Mountain cold, Canadian craftsmanship, cedar warmth and stainless-steel precision.

COLOURS + TYPOGRAPHY + UI DIRECTION

COLOUR SYSTEM

	Alpine Navy #1B2C38 Primary text, footer, dark sections		Glacier Blue #2C6D9E Primary buttons, links, key accents		Ice Blue #5E91B5 Large display accents, icons, highlights
	Cedar #9D5B2A Warm product accents and craftsmanship cues		Deep Cedar #6F3015 Wood-detail accents and hover states		Maple Red #751516 Canadian accent; use sparingly
	Stainless #ABB4BA Borders, dividers, metal references		Frost #F7F9FA Primary site background		White #FFFFFF Cards and clean breathing room

Recommended balance: 55% Frost/White, 25% Alpine Navy, 12% Glacier/Ice Blue, 6% cedar tones and no more than 2% Maple Red.

Accessibility: Use Alpine Navy or Glacier Blue for normal text on white. Ice Blue is best for large headings, icons and decorative elements rather than small body copy.

DISPLAY + HEADINGS

Inter Display

BUILT FOR THE COLD.

Use ExtraBold or Bold for page titles, section headings and major product statements. Uppercase headings with modest tracking echo the logo without copying its custom letterforms.

BODY + INTERFACE

Inter

Engineered in Calgary with warm cedar craftsmanship and durable stainless-steel interiors. Clear, readable typography keeps the product feeling modern and trustworthy.

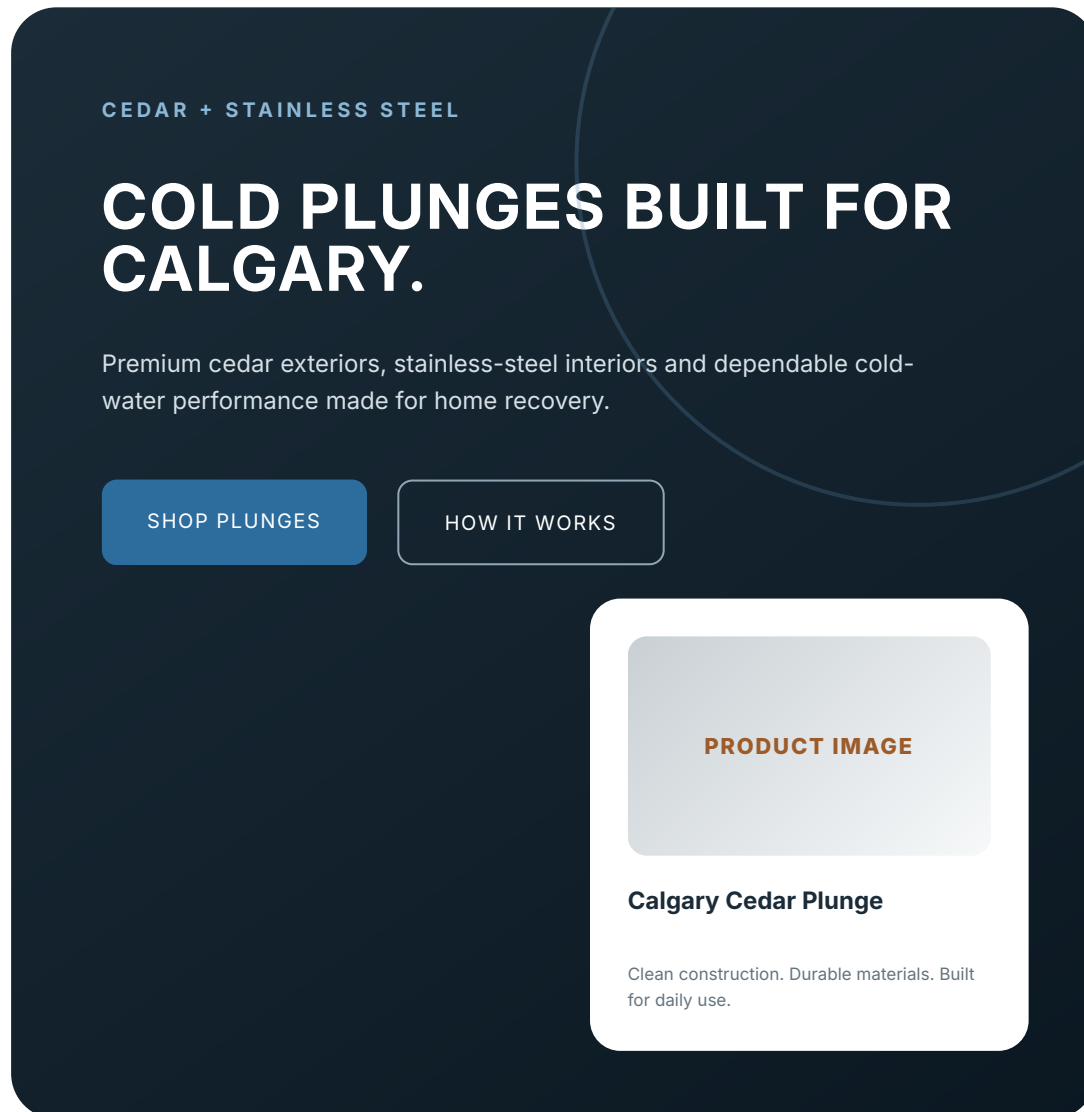

RECOMMENDED WEB SCALE

Hero	64/64	COLD, CRAFTED, CALGARY.
H1	48/52	PREMIUM COLD PLUNGES
H2	36/42	Built from cedar and steel
H3	24/30	Designed for Alberta winters
Body L	18/29	Use for introductory paragraphs and product summaries.
Body	16/26	Use for standard website content and product details.
UI	14/20	VIEW COLD PLUNGES

Logo rule: Keep the logo lettering as artwork. Do not typeset the company name over the emblem using a substitute font.

WEBSITE DIRECTION

03

Primary page structure

Use Frost backgrounds with white product cards. Reserve Alpine Navy for hero areas, footer sections and strong contrast moments.

Accent discipline

Glacier Blue drives calls to action. Cedar supports craftsmanship. Maple Red appears only in small Canadian details, badges or focus moments.

Shape language

Use subtle 8-16px corner radii, thin Stainless borders and generous whitespace. Avoid overly rounded, playful or neon styling.
